

Landfills As Museums

An Education Initiative
Promoting Sustainable
Thinking

Presented by

Adrienne Fors, Sr. Community Relations Specialist

Jay Kaplan, Sr. Environmental Protection Manager & Community Relations

About the Partnership

Partnership since 2019

- Landfills As Museums
- WM Design Challenge

- *Landfills as museums is an educational initiative that challenges us to recognize landfills as sites of cultural importance, showing how waste can be incorporated into the product design process from the beginning in order to build sustainable circular systems. — Slow Factory*
